Lower Playground Gate

Please note that the lower playground gate is locked at 8.40am as all children should be in class by this time. It is not opened again until 3.10pm in the afternoon. Thank you for your co-operation.

Star Gazing

Mr Scott will be running our annual stargazing evening during half term on Thursday 18th February 6pm-8pm. This is a great event and in the last 2 years we have been lucky enough to see Venus, the international space station as well as many of the constellations. Come along and if you can bring your own telescopes and binoculars too.
